School Supply Kits
Benefiting Local Youth in Need

FCS, a division of Caminar, offers a number of programs that benefit local youth. Our evidence-based Families and Schools Together (FAST) Program is widely recognized for its effectiveness in engaging and empowering at-risk youth to make positive life choices to strengthen academic success. The LGBTQ Youth Space offers drop-in and youth empowerment programming for lesbian, gay, bisexual, or transgender youth and young adults. Our School-Based Counseling Services reach students in high-need, under-resourced communities.

You can help us provide low-income youth with the tools they need to be equipped for school! Your company or friends could spend a day shopping for and assembling “Back to School Kits” and make a significant difference in the opportunities of local youth.

About Us: FCS, a division of Caminar, has been changing lives in our community through counseling, prevention, and support services since 1948. We counsel high-risk teens, provide safe spaces for young people to gain confidence and a sense of self; and help families heal from violence, abuse, and addiction. Each year more than 14,000 children, teens, and adults benefit directly from our comprehensive services.
